EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Sal Sidoti on March 6, 2007.

The application has been amended as follows:

In the claims:

Claim 15, line 1, after the word "treating", please delete "and/or preventing".

Reason for Allowance

2. The following is an examiner's statement of reasons for allowance:

The instant claims are novel and unobvious over the prior art of record. The closest art, US Patents 6,979,681 B2, 6,936,634 B2 and 6,750,251 B2, also disclose similar ruthenium(II) compounds having a formula (I) wherein A and B together represent $NR^7R^8-(CR^{12}R^{13})_mNR^9R^{10}$. However, the instant compounds differ from the prior art compounds in that when L is (C₂-C₆)alkylene, Y is $NR^{16}R^{17}$ and Y' is $NR^{18}R^{19}$, it is required that either R¹⁶ or R¹⁷ is covalently bonded to either R¹⁸ or R¹⁹. Said requirement is not taught or disclosed by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
